

Supertest: How the International Baccalaureate Can Strengthen Our Schools

Filesize: 9.47 MB

Reviews

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

Open Court Publishing Co ,U.S., United States, 2006. Paperback. Book Condition: New. New edition. 223 x 150 mm. Language: English . Brand New Book. The International Baccalaureate (IB) is a college entrance examination, which can be taken in any country and is recognized by universities in any country. Adoption of the IB curriculum in a school ensures that the school is brought up to international standards. Supertest is two stories woven together: the birth and the growth of IB in the world and the United States, and the birth and growth of IB at Mount Vernon High. This will show how the ideas first conceived by a small group of educators in Switzerland eventually helped transform a typical American public school. Over 500 U.S. high schools currently participate in the I.B. program.
