

## My Backyard Jungle: The Adventures of an Urban Wildlife Lover Who Turned His Yar

By Barilla, James.

Yale. 1 Paperback(s), 2013. soft. Book Condition: New. For environmental writer James Barilla and his family, the dream of transforming their Columbia, South Carolina, backyard into a haven for wildlife evoked images of kids catching grasshoppers by day and fireflies at night. Then the animals started to arrive, and Barilla soon discovered the complexities (and possible mayhem) of merging human with animal habitats. Wondering about the limits of coexistence, he set out to explore cities around the world where populations of bears, monkeys, marmosets, and honeybees live alongside human residents, and meditates here on possibilities for living with animals in an increasingly urban world. "I had the sense that he is the kind of author I'd like to have a coffee or a beer with, which is what you want in a storyteller. In this fun and compelling book, he is that guy, telling you about his yard."BBC Wildlife Magazine"Ultimately, Barilla's gripping and provocative dispatches confirm that in our time, human and wildlife coexistencea formula for awe, danger, and controversyis a complex process of trial and error."Booklist 363.
