I think it has the following characteristics. first. innovative. This book has obvious innovation. Described in the book of internal control the seven functional theory. the idea of ??creating internal control disciplines. the theoretical structure of the internal control discipline. internal control objectives and its structure. the interface between the point of view of internal control and external control. are first proposed at home and abroad . Second. the system is complete. Book theoretical system integrity. elaborated the concept of the evolution of the internal control objectives of internal control. internal control discipline construction. and depth of internal control elements. the relationship between the various elements. as well as internal control assumptions. computer information systems. internal control. internal control efficiency evaluation of internal control and information disclosure issues. 13 book chapters. and in turn enhance mutual convergence. thus forming a complete theoretical system of internal control. Third. the point of view is clear and profound understanding. Book hyped outspoken. but no. Weiyi should be a virtual phenomenon. Of Analysis of the arguments. viewpoints clear. objective and impartial. As the author pointed out that the United States COS () report is just a basic management framework. its normative sense is not strong; Another example. the authors believe that the reason behind. our internal control management and related research should be mainly attributed to the Chinese traditional culture Legalist thought...
