Paperback Language: Simplified Chinese Publisher: Machinery Industry Press; 1st edition (January 1. 2012). Content Introduction to the stock market long-term magic (Collector's Edition) (4) since 1994. first published in since the concept of long-term investment to bring countless investors. The historical data show that the buy and hold stock strategy to defeat as time goes by a variety of other investment products. including bonds. gold and other fixed income assets. Was considered to be capricious. easy to give up the stock market in a downturn the public began to learn to stick to their own stock. Even if you are in the big stock market crash of 1929 per month to buy a \$ 15 stock. does not take four years. the returns will be more than the same amount of money to invest the proceeds in treasury bills. 1949. the accumulated assets of its stock portfolio of nearly \$ 9000. the rate of return of 7.86%. even more than the bond rate of return. During this time. mankind has experienced World War II. In fact. if not the face...

Reviews

Merely no words to describe. I have got study and i am confident that i am going to planning to go through yet again once again in the foreseeable future. You will like just how the writer compose this publication.
