O Reilly Media, Inc, USA, United States, 2006. Mixed media product. Condition: New. Language: English . Brand New Book. Thanks to the digital revolution, film artists now have a spectacular array of powerful, new, inexpensive tools for creative expression through digital film. The once powerful studios can no longer stifle an artist s creativity. With the power of the Internet, film artists are finding once unimaginable ways to distribute their creations worldwide. DV Filmmaking: From Start to Finish covers all aspects of the new digital video frontier, for amateurs and professionals alike-from the nuts and bolts of timecode and aspect ratio; to framing, lighting, and sound recording; as well as editing, special effects creation, and distribution. The book is written for filmmakers at varying experience levels - taking an integrated approach to media production, and emphasizing the ways different aspects of the process work together to create a vital work of digital art: hands-on detailed examination of the artistic aspects of film and video production; extensive examples use comprehensive step-by-step exercises for advanced editing techniques; scenes from successful films illustrate techniques used by professionals; includes a collection of professionally shot video clips, so the user can read and follow along with sets of structured exercises; develops a highly refined repertoire of advanced skills in editing, effects creation, title design, and more; inspires advanced readers to work with the included clips on their own and experiment with new ideas; written for both Mac and PC users and covers advanced uses of both Final Cut Pro and Adobe After Effects. Written in an engaging, accessible style, DV Filmmaking provides a solid foundation of tremendous value to a beginner, while addressing the fine points of filmmaking with a level of sophistication, detail, and insight that even the most worldly director or educator can...
