Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book is a coloring book for adults. It is more complicated than a child s coloring book with smaller and finer details. You have to concentrate to color in all the small shapes. That makes it an ideal method to clear your mind of many negative thoughts and it helps you relieve stress. Coloring will reduce anxiety, and help you focus and will bring you more mindfulness. It is therapeutic. It has 26 wonderful Hawaiian images to color. Notice! The KINDLE edition of this book is in general a coloring book PREVIEW only and is NOT set up for coloring within the device. Although this Kindle edition is NOT an interactive coloring app, you can rather easily print out copies of any or all the coloring pages on a regular laptop or desk top computer. Basically you ll capture and print out the computer screen view of the coloring page you want, Full details are provided in the Kindle version. This book is also available as a paperback. You have to look at the full color reproductions shown on the front and back covers to see what color the shapes are and what the result should look like. Use your own colors if you want. The images on the covers will show you where the fish ends and the coral begins, or where the flower petal ends and the leaves begins, and so on. Many of the colors are just slightly different, so it is best to used a large selection of colored pencils...
