Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1812 Excerpt: . that, is called the Second Radius, c. remembering B to be the fourth Radius. To find the Cube Root by the Sliding Rule. Place the Lines D and E exactly one by another, so that i O at the end of D, be even with To at the end of E; this done, against any Number upon E, you have the Cube Root thereof upon D, coptr. Note ist, when the Number given confists of I, 4, or 7 Figures (being Integers) find it in the first Radius of the Line E, and against it you have the Cube Root sought. Example. Let the Number given be 337J, I seek this in the first Radius on the Line E, and against it I find 15 upon D, which is the Cube Root of 3357; and so is 212 the Cube Root of 9528128. 2dly, When...
