A revealing biography detailing how Katy Perry made her transformation from demure choir girl to sexy household name and one of the most popular female singers in the world today. Details the story of her ill-fated early career, including an early gospel album released by a small record company which went bankrupt soon afterwards and another signing to Columbia Records, who she rejected on accounts of attempts to mould her into a manufactured pop artist. Exclusive stories revealing the making of her albums. Tales of the love affair and marriage to notorious television presenter Russell Brand.
