Brand New Book ***** Print on Demand *****.Excerpt from The Better Way in Church Finances Money matters press heavily upon most churches. Pastors and official boards often carry burdens that are little realized by the congregation. Adequate and business like financing lies at the heart of every successful enterprise. This is fundamental and never incidental. Especially is this true in church activities. The promoting of the benevolent interests is a matter of concern to the individuals to whom their management is entrusted. They are often agonizing in heart and mind in their efforts to secure sufficient funds to accomplish what necessity and opportunity places upon them. This little volume is given to the church in the hope that it may aid the official boards and others to whom the financing of the local church is committed in solving the problem. We do not claim for it literary finish, but have earnestly sought to present in the simplest and most practical manner a few suggestions and plans that have proven effectual when worked. We do not claim perfection for the system recommended, but some plans are better than others, especially when they are in keeping with the New Testament teachings, and carry with them business system. Neither do we claim originality for many of the plans suggested. Many of them have been used in financing churches. They have worked successfully and we do not hesitate to recommend them.
