

Wonder Tales: An Unearthed Collection of Fantasy (Paperback)

By Randall C Ellis

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. A collection of fantasy stories gathered here together for the first time. These wonder tales include themes such as death and rebirth, a surrealistic story that utilizes dreaming images, and an origin tale. These stories have been taken from my other works, and represent not only a way to work with culturally empowered archetypes, but in some areas are derived from maarchen, household tales of times past.
