Reviews

This ebook is great. It typically will not expense a lot of. You will not sense monotony at at any moment of your own time (that's what catalogs are for about when you question me).
(Shaniya Torphy PhD)

INSTRUCTIVE CHESS MINIATURES (PAPERBACK)

Gambit Publications Ltd, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. Warning: this book is not just entertainment. The author wants to teach you a lot about chess and improve the quality of your play! He has selected 50 miniatures from throughout chess history - the earliest are from the 1850s, while the most recent are from grandmaster events just a few months ago! A miniature is a decisive game, won in 25 moves or fewer. Most of these 50 games feature brilliant tactics, attacks on the king, and even a few outrageous king-hunts. In many, the winner had to overcome cunning defensive ploys and inventive counterattacks. But our aim in this book is not just to admire the players skill, but to learn how we can play like this in our own games. Chess coach Ataman is keenly focused on the instructive points, explaining which features of the position justified the attacks, and what prompted the critical decisions. Where analysis is given, it is restricted to what it would be realistic for a human to work out at the board. But why are miniatures so instructive, especially for younger players? It s because we get to see an idea or plan implemented successfully, in full. Once we understand what players are trying to achieve, we can then appreciate how to oppose these ideas, and the cut-and-thrust typical in modern grandmaster play will make a lot more sense. Alper Efe Ataman is a FIDE Master from Turkey. He is a chess publisher, author and an experienced trainer, especially at the scholastic level.
