

Public Education Can Be Saved (Paperback)

By Keith Snelson

Christian Faith Publishing, Inc., 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In 1983 the Department of Education commissioned a group of educators to examine and evaluate our educational system. Based on the previous 20 years of comparisons with other civilized countries the USA was, at best, mediocre. The result was A Nation At Risk which not only identified the problems but also recommended solutions. An example of one conclusion was, Half of the newly employed mathematics, science, and English teachers are not qualified to teach these subjects. Twenty-five years later the Department of Education examined the same system and found that nothing had changed. The results were still mediocre, and nothing had been done to implement the recommendations. Looking at the same situation 13 years later we find the same. Mediocrity and no action. I have written this book based on the recommendations in A Nation at Risk and added a few suggestions of my own to improve our education system and added a few experiences from my serving on a local school board which indicates the difficulty in achieving change. If implemented the book should significantly improve our educational system. However,...

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.

-- **Andres Bashirian**

Comprehensive guide for publication fanatics. This really is for all who statte there had not been a well worth reading through. I discovered this ebook from my dad and i encouraged this book to find out.
