Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

SKETCH A DINO (PAPERBACK)

Lulu.com, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. *I am sorry for the lack of quality on the preview (esp. the book cover) - printed version looks better* The idea to create the book Sketch A Dino emerged from my entries to the art challenge called Inktober : The Artist has to create a sketch in ink per day. I chose the theme of sketching skeletons of dinosaurs because I liked the idea to link my anatomy studies with the Inktober challenge. The first few sketches gave me a tough time but with each new day and each new sketch it became easier. Along with it increased my motivation to learn more about the anatomical construction of extinct animals. This also motivated me to sculpt three different dinosaur skulls in ZBrush and these 3D models will be available for download.
