## SOM 2: Architecture of Skidmore, Owings and Merrill (Hardback)

By Arthur Drexler

Monacelli Press, United States, 2009. Hardback. Book Condition: New. 286 x 226 mm. Language: English . Brand New Book. Skidmore, Owings Merrill, founded in 1936, is one of the largest and most influential architecture firms in the world. SOM has long been known for innovation, experimentation, design excellence, and technical mastery, for an abiding interest in the contributions that buildings can make to the life of cities, and for a collaborative approach that extends to all aspects of the design and construction processes. This volume, which presents work from the 1960 s and early 1970 s, reproduces a monograph first published in 1974. Since the early 1950 s, SOM has ranked among the leading architectural offices in the United States. Buildings such as the office skyscraper of the Lever Brothers Company or the administrative building of the Connecticut General Life Insurance Company have exerted a decisive influence on the history of postwar architecture and have, both by their form and their construction, pointed the way in new directions. SOM has proved that even an enterprise which at present comprises about 1,000 members is able, by teamwork and dedication, to produce results which are equal to those of the great individualists...
