A fresh eBook with an all new standpoint. It is actually written in simple words and phrases instead of difficult to understand. You won't sense monotony at any moment of your own time (that's what catalogs are for relating to if you question me).

Now Michael Watkins, author of the bestselling book *The First 90 Days*, applies his proven leadership transition framework to the public sector. Watkins and coauthor Peter Daly address the crucial differences between the private and public sectors that go to the heart of how success and failure are defined, measured, and rewarded or penalized. This concise, practical book provides a roadmap that will help new government leaders at all levels accelerate their transitions by overcoming nine transition challenges, ranging from clarifying expectations to defining goals to building a team to managing personal stress.
