

Containers Beyond the Hype (Paperback)

Filesize: 9.2 MB

Reviews

The very best ebook i possibly read through. Indeed, it is enjoy, continue to an amazing and interesting literature. I am just very happy to inform you that here is the best ebook i have read in my personal daily life and may be he finest pdf for possibly.

(Mr. Luis Renner V)

CONTAINERS BEYOND THE HYPE (PAPERBACK)

[DOWNLOAD](#)

Apporbit, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Container technology is one of the fastest-growing software development areas in the computing industry today. Despite this rapid growth and attendant media rhetoric, clear and concise description of the underlying technology and its core value is missing. Learning about the inner workings of containers will help developers and enterprises apply this important innovation more effectively in their respective endeavors. In this book, Dinesh Subhraveti, an early inventor of the technology, presents deep insights into it in a simple and accessible manner. His presentation takes the mystery out of the internals of the technology by exposing the heretofore hidden harmony that underlies it.
