After the nukes. After the flu. After the Straits. After Rosyth. It s the day when the world changes all the way down to its fundamental assumptions. In a world just down the road from our own, online bloggers vie with old-line political operatives and new-style police to determine just where reality lies. And on every cable system, the mysterious Execution Channel broadcasts deaths from around the world, around the clock. On the day the Big One hits, James Travis, a spy for the French, and his daughter must strive to make sense of the nuclear bombing of Scotland and the political repercussions of a series of terrorist attacks. With the information war in full swing, the only truth they have is what they re able to see with their own eyes. They know that everything else is--or may be--a lie.
