

Inventing the American Dream: a history of curious, extraordinary and just plain useful patents

Filesize: 5 MB

Reviews

Unquestionably, this is the best operate by any author. It is among the most amazing pdf i actually have read. Its been designed in an remarkably basic way which is just right after i finished reading this pdf by which basically altered me, change the way i believe.
(Harold Spencer)

INVENTING THE AMERICAN DREAM: A HISTORY OF CURIOUS, EXTRAORDINARY AND JUST PLAIN USEFUL PATENTS

British Library, 2004 9780712308939, 2004. Hardcover. Condition: New. Dust Jacket Condition: New. NEW hardback in d/w. 241 pages. Illustrated in b/w. The author is a patent librarian at the British Library so is well placed to root out the strange, the obscure and the interesting patents to have been submitted to the American Patent Office. Arranged in subject chapters - food, sport, beauty and health, amongst other topics. Patents for things as various as the window envelope, the globe hair dryer, the Identikit system and the Mousetrap game are here, and there is also a final useful section for the patent researcher, with print and internet resources included.
