Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is so remarkable a production that it merits serious attention when ordinary works on education deserve no notice. Many valuable contributions are now being made to the solution of the educational problem. Many of these betray, however, the crude stage of thought in which the problem is; they are often choppy; their authors write well on topics but do not develop subjects. Often these works are made up of valuable and interesting parts, but all the parts do not make a consistent whole. In these respects the Philosophy of Teaching stands in striking contrast with most of its predecessors; it is a faultless piece of organized knowledge, and on this account alone deserves to be studied by all persons who aspire to systematic thinking. One central movement runs through the whole work and draws the multitude of details into unity. The introduction discriminates between the science and the philosophy of teaching. This discussion discovers that the philosophy of teaching as distinguished from the science gives distinct emphasis to the universal element . It is the explanation of...
