

## Digimon Adventure 02

By Frederic P. Miller

Alphascript Publishing. Taschenbuch. Condition: Neu. Neeware - Digimon Adventure 02 also commonly written as Digimon Zero Two, is the direct sequel to the previous season and takes place three years after the original series. With most of the original characters now in junior high school, the Digital World was supposedly secure and peaceful. However, a new evil has appeared in the form of the Digimon Emperor (Digimon Kaiser). This new villain is different - he's a human just like the DigiDestined. The Digimon Emperor has been enslaving all Digimon in sight with Black Rings and Control Spires and, to make things worse, has somehow made regular Digiolution impossible. Three new children are chosen to save the Digital World and, along with T.K. and Kari, make up the new generation of DigiDestined. 108 pp. Englisch.
