

What Language Is: And What It Isn t and What It Could Be (Paperback)

Filesize: 1.33 MB

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Ally Reichel)

WHAT LANGUAGE IS: AND WHAT IT ISN'T AND WHAT IT COULD BE (PAPERBACK)

GOTHAM BOOKS, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. A love letter to languages, celebrating their curiosities and smashing assumptions about correct grammar. An eye-opening tour for all language lovers, *What Language Is* offers a fascinating new perspective on the way humans communicate. From vanishing languages spoken by a few hundred people to major tongues like Chinese, and with copious revelations about the hodgepodge nature of English, John McWhorter shows readers how to see and hear languages as a linguist does. Packed with big ideas about language alongside wonderful trivia, *What Language Is* explains how languages across the globe (the Queen's English and Suriname creoles alike) originate, evolve, multiply, and divide. Raising provocative questions about what qualifies as a language (so-called slang does have structured grammar), McWhorter takes readers on a marvelous journey through time and place--from Persia to the languages of Sri Lanka--to deliver a feast of facts about the wonders of human linguistic expression.
