

## Creation in Contemporary Experience

By David Moffett-Moore

Energion Publications Apr 2014, 2014. Taschenbuch. Book Condition: Neu. 229x152x5 mm. This item is printed on demand - Print on Demand Neuware - What we believe about God as creator impacts our theology and action in many ways. In this book, Dr. David Moffett-Moore will examine some of these implications by looking at topics as diverse as quantum physics and chaos theory, hermeneutics, ethics, and how we tell stories of faith. Can one accept the major theories of science, including evolution and still be a faithful believer? What do these findings of science mean for the way we do theology in the 21st century? Dr. Moffett-Moore not only believes that we can accept the findings of science and still be faithful Christians, he believes that discoveries in fields such as physics and biology can help us talk about God in a more relevant and compelling way than we ever have before. And when we talk about God in this new way, we will also find a new call to live in a way that is faithful both to the wonders of the physical Creation, and also to scripture. 90 pp. Englisch.
