By Lewis M Terman

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Intelligence of School Children How Children Differ in Ability, the Use of Mental Tests in School Grading, and the Proper Education of Exceptional Children The book has been written primarily for the grade teacher, and as an introduction to the study of The Measurement of Intelligence. Its greatest usefulness probably will be as a book for Teacher Study Clubs and State Reading Circles, and as an introductory textbook for students in normal schools. A careful study of this book by the teachers of a city or State would contribute wonderfully to the intelligent handling, of children, and the study of it by prospective teachers would open up entirely new conceptions as to educational procedure, and would lead to a far more satisfactory direction of the exceptional children found in every school. The book will also prove of much value to parents interested in the education of their children, and especially to those whose children vary much in either direction from the normal.
