DIY SOLAR POWER: MAKE YOUR OWN SOLAR POWER BANK CHARGER: (POWER GENERATION, SURVIVAL SERIES) (PAPERBACK)

Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. DIY Solar Power Make Your Own Solar Power Bank Charger Slice Your Power Bills In Half Nothing is an unpredictable as this society we live in today. With bills burning a hole in your pockets, you also have to think about skyrocketing gas prices, family upkeep and basically trying to keep up a good enough appearance for your daily upload to the internet. With the difference between the night in complete darkness and having a fully powered house becoming increasingly expensive. One can only look to the heavens for some sort of alternative energy. What if I told you this book not only told you deeply about this miracle energy source but also how to build one with your own two hands and the items you find around your house every day with the possibility of not more than one or two electric shocks. Not only will this power source serve your energy needs but it s last you for a really long time. This source is none other than the sun that we take for granted and occasionally curse at. This book will couple giving the knowledge of both harnessing the power of the sun as well as channeling its power into a power bank charger that you can take with you everywhere. This DIY guide is here to serve two kinds of people. The first are those who don t trust anything they build their hands and will guide them to purchasing the perfect readymade power bank charger that you ll never have the chance to regret. The other are those who love a challenge and will guide them smoothly on how to double down and create their own...
