HIDDEN MIRROR GAUGE SECTORS

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Astrophysical and cosmological implications of axion | The book presents new models of axion for the solution of the strong CP problem. The main feature of these models is the modification of the relation between the axion mass and the Peccei-Quinn(PQ) constant, with quite interesting phenomenological consequences in particular for physics of supernovae, gamma ray burst and cosmology. We have hypothesized the existence of another sector of particles and interactions, the mirror...
