Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Excerpt: .instantaneous intelligence of the most distant occurrences. We shall, consequently, now be able to keep the bulk of our army in hand at a few central points of our railway system, knowing that, on the first appearance of a hostile fleet, we can launch them to the spot with the certainty of their arriving more rapidly than men can be landed from the ships. The immense carrying powers of our railways have been well tested by the two Brighton Reviews , when, in addition to accommodating without stint all the private excursion traffic of the principal holiday in the year, the Brighton Company carried 16,000 troops from London to the coast between five and eleven o'clock in the morning. This was by only one line of railway; but there are no points on the south coast, from the mouth of the Thames to that of the Exe, to which there are not at least two converging lines of rail; and therefore, as the private traffic would on such an occasion be wholly suspended, it is a very moderate estimate to say that the railways would enable us to pour down, between dawn and dark, 50,000 men on any menaced point; while, unlike the processes either of marching or of landing from ships, the stream would be kept up with unabating flow all through the night. Nor would it be possible for an enemy, whose movements must thus so greatly lag behind the intelligence...
